Student survey template: Story Valley Academy

Thank you for participating in Story Valley Academy. The Story Valley project uses oral history as an engine for cultural heritage preservation. It encourages pupils to learn about each other's history and promotes language and literacy in an engaging and creative way.

This short student survey was originally used to evaluate the programme impact. You are free to use the questions in your own setting to evaluate the programme.

The survey takes students about 10 minutes. It first ask them a few questions about themselves, followed by a series of questions related to Story Valley.

If you have any questions about the survey or more generally about Story Valley, please contact Erna erna@learninghubfriesland.nl. We would also appreciate completed surveys if you are happy to share!

Thank you for taking part in the survey!
